ACCESS MATHS

NUMERACY CHALLENGE

SANTA has different names around the world - Kriss Kringle in Germany, Le Befana in Italy, Père Noël in France, Papá Noel in Spain, Dun Che Lao Ren in China, Babbo Natale in Italy and Deushka Moroz in Russia.

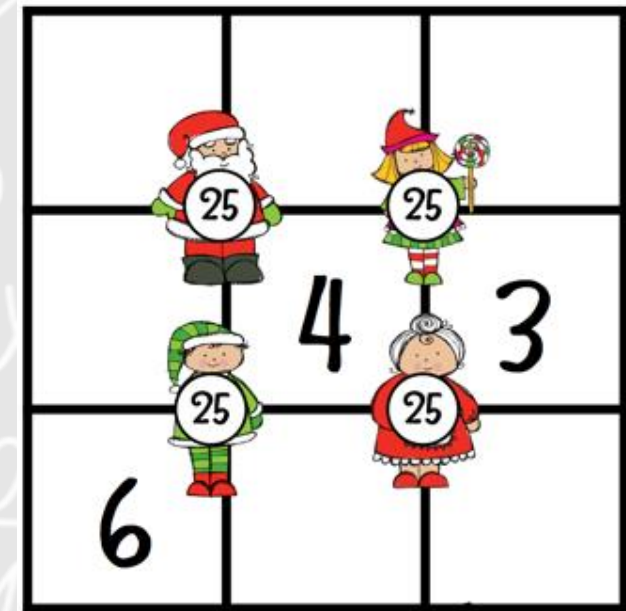

Word	Tally	Frequency
Jingle		
Bell		
Rock		

Copy the tally – make them big enough for 60 tally marks. Tally the word count for ‘Jingle’, ‘Bell’ and ‘Rock’.

NUMERACY CHALLENGE

US scientists calculated that Santa has to visit 822 homes a second to deliver all the world's presents on Christmas Eve, travelling at 650 miles a second! If he crashed this would equate the same force as the moon crashing into earth!

Can you add the number 3-11 so that each of the four numbers surrounding each person add up to 25?

LEVEL 2

NUMERACY CHALLENGE LEVEL 1

Word	Tally	Frequency
Jingle		
Bell		
Rock		

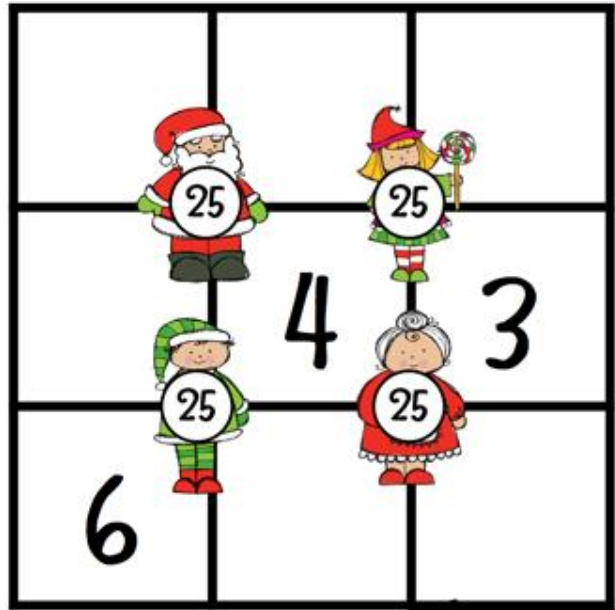

Copy the tally – make them big enough for 60 tally marks. Tally the word count for ‘Jingle’, ‘Bell’ and ‘Rock’.

NUMERACY CHALLENGE LEVEL 1

Word	Tally	Frequency
Jingle		
Bell		
Rock		

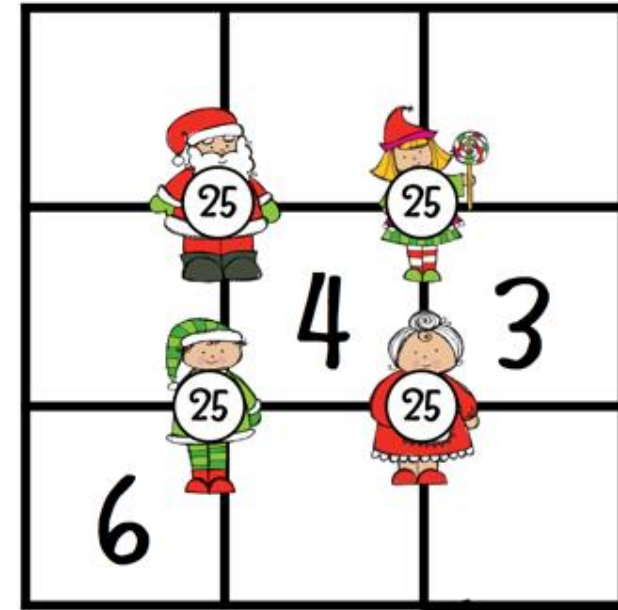

Copy the tally – make them big enough for 60 tally marks. Tally the word count for ‘Jingle’, ‘Bell’ and ‘Rock’.

NUMERACY CHALLENGE LEVEL 2

Can you add the number 3-11 so that each of the four numbers surrounding each person add up to 25?

NUMERACY CHALLENGE LEVEL 2

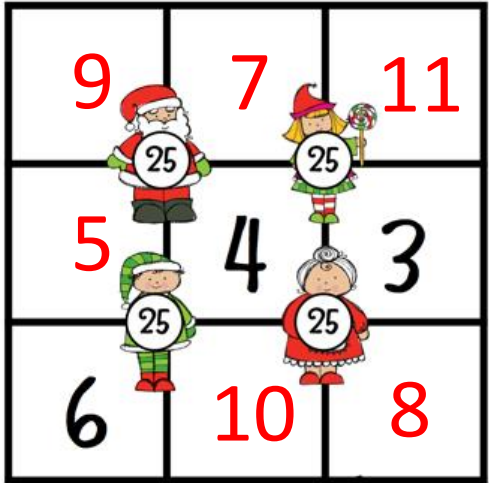

Can you add the number 3-11 so that each of the four numbers surrounding each person add up to 25?

Level 1: link to the karaoke video: https://www.youtube.com/watch?v=VfLf7A_-1Vw

Closest student wins so turn those speakers up!

Level 2:

Word	Tally	Frequency
Jingle		51
Bell		43
Rock		13

Thanks and have a great Christmas.
