They want to split the pizza so that they all get what they paid for. Can you work out what percentage they all get and draw this into the pie chart below?

Percentage of pizza each:

Donatello	$6 \div 40 = 15\%$
Raphael	$12 \div 40 = 30\%$
Michelangelo	$16 \div 40 = 40\%$
Leonardo	$6 \div 40 = 15\%$

Degrees in the pie chart:

Donatello	$15\% \text{ of } 360 = 54^\circ$
Raphael	$30\% \text{ of } 360 = 108^\circ$
Michelangelo	$40\% \text{ of } 360 = 144^\circ$
Leonardo	$15\% \text{ of } 360 = 54^\circ$
