Fluency

Express these numbers as a product of prime factors.

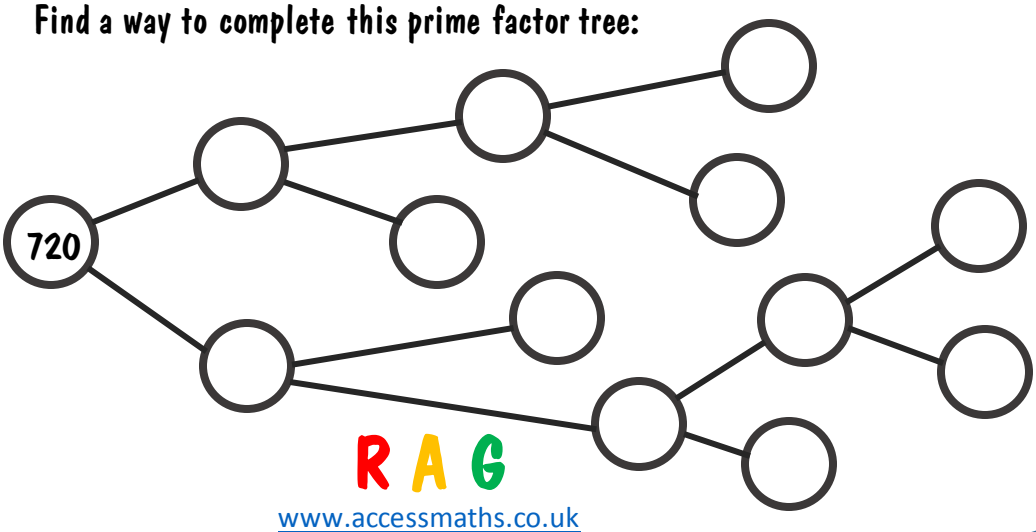
1) 18
2) 24
3) 72
4) 90
5) 110
6) 108
7) 168
8) 221
9) 805

Reasoning

The number 90 has 8 different prime factor trees. Try and find them all.

Problem Solving

Find a way to complete this prime factor tree:



R A G
